WELCOME TO THE 1ST

CANNABIS SCIENCE SYMPOSIUM OF THE AMERICAS

APRIL 20 - 21, 2018 / BOGOTÁ, COLOMBIA

SPONSORSHIP AND EXHIBITORS OPPORTUNITIES INFO

Our Symposium is an interdisciplinary event designed to offer a cannabis scientific experience while connecting doctors, patients, academics, scientist, businesses, law makers, entrepreneurs, investors, products, ideas and the state of the art research discoveries on the field. It is an event that gathers the Americas legal cannabis industry in one place; learn from the top leaders in the industry in Latin America as well as the leaders in United States and Canada.

WHY MEDICINAL CANNABIS RESEARCH?

Cannabis is a non-lethal, medicinal, wonderfully therapeutic plant. However, Cannabis is a complex plant, with major compounds such as delta-9-tetrahydrocannabinol and cannabidiol, which have opposing effects. The discovery of its compounds has led to the further discovery of an important neurotransmitter system called the endocannabinoid system. This system is widely distributed in the brain and in the body, and is considered to be responsible for numerous significant functions.

CannaCiencia is the space where your scientific contribution to the medicinal cannabis field will be shared, business relationships will be made and opportunities will be created. Who will benefit from the symposium: scientists, academics, students, doctors, nurses, pharmacists, patients, industry insiders, policy makers, entrepreneurs, investors among other interested parties.

Language: The official language of the conference is Spanish – simultaneous interpreting is available in English and Spanish.

SPONSORSHIP AND EXHIBITORS OPPORTUNITIES

CannaCiencia

INCLUDES	SANTA MARTA GOLD SPONSOR	PUNTO ROJO SPONSOR	MANGO BICHE SPONSOR	EXHIBITORS

CannaCiencia

CALL FOR ABSTRACTS:

Sym·po·si·um /sim'pōzēəm/: a formal meeting at which several experts deliver short addresses on a topic or on related topics.

CannaCiencia is a symposium where advanced research with up to date results is expected. Abstracts will be chose based on scientific quality and novelty of research either in basic or clinical cannabis science.

The following guidelines apply:

- Abstract submission deadline for CannaCiencia 2018: February 8th 2018.

Topics include:

- Cannabinoid/Endocannabinoid Research
- Clinical Trials
- Cannabis Genetics/Biotechnology
- Testing & Analysis
- Intellectual property / Patents
- Your Country/Government – latest developments
- Peace processes/agreements
- Policy Reform & Law
- CBD Legislation, products, innovations
- Agricultural Hemp
- Hemp Food

CannaCiencia

- Fibres & Textiles
- Beauty & Cosmetics
- Hemp-building
- Industrial Hemp/Products
- Business Innovation / Startups
- Investment
- Markets statistical data
- Social Responsibility
- Others

Abstracts can be submitted for 2 types of lectures:

- Key lecture: state of the art lecture up to 90 minutes including discussion time
- Core lecture: TEDTalk type lecture up to 30 minutes including discussion time
- Language: Abstracts can be submitted in English or Spanish
- All abstracts accepted will be published. Title, author, institution and address will be published and included in the symposium memories.
- All abstracts and lectures will be recorded (video and audio) and published on CannaCiencia content pages such as CannaCiencia website, youtube-channel, facebook-page, intstagram and other media channels which may be available in the future. The author(s) also agree that their lecture could possibly be published live on CannaCiencia website or social media channels during the conference.
- A separate agreement regarding travel & accommodation is signed by the organizer and the lecturer.
